

HOUSE OF COMMONS

LONDON SW1A 0AA

Thursday 9th April 2020

Dear Member,

During these very difficult and challenging times, I wanted to write as your Member of Parliament for Central Suffolk and North Ipswich.

As you may be aware, during this important national fight against COVID-19, I have been given leave by our Government to return to the frontline of the NHS working as a doctor, but I want you to know that I am still here to help you as your local MP. I am in touch with my office on a regular basis, where I am briefed fully and give regular instructions on constituency matters and how to help people locally who may be in need.

Whether you are struggling with your health, finances or adjusting to this new way of life, I know that life is difficult at the moment. It is during times like these that we start to truly appreciate all the services and industries that make our great country work.

My NHS colleagues, including our doctors, nurses and physiotherapists are on the frontline battling against this invisible enemy. It is obvious how important all our services are in this fight against Coronavirus – our Police, Fire Service, Ambulance Crew and all those serving in our Armed Forces. This list goes on and we are all so grateful.

We also need to remember to thank the unsung heroes in this fight – our refuse and rubbish collectors, cleaners, shop staff, council workers, school workers and teachers and all those caring in the community. These are the people who are increasingly taking extra risks to keep us safe and we should never underestimate the work they do or the sacrifices that they make.

Here in Suffolk we have a great track record of coming together to help those in need and to support each other. In recent weeks, our local councils and community groups have come together with Suffolk County Council to launch “**Home, but not alone**” – a new service connecting local volunteers with those in need of help. Volunteers can sign up via a free app – Tribe Volunteer, and the telephone number for those in genuine need of help is **0800 876 6926**. Lines are staffed from 9am to 5pm days a week.

Although we have not faced restrictions such as these in more than a generation, it is important to remember that we will all get through this. Our Government, local authorities and the NHS are here for us 24/7. They are our safety net when things go wrong and it is right that they are there. Yet we must all play our part to make sure that they, and in particular our NHS, do not become overwhelmed.

This is why it is so important to follow our Government's advice – **Stay At Home, Protect our NHS and Save Lives.**

For further support and guidance, please visit my website at www.drdanielpoulter.com/coronavirus-advice

I am proud of the work that this Conservative Government has done to protect our people and to protect our economy in these unprecedented times. Our Prime Minister has shown great leadership and I am sure you will all join with me in wishing him a full and speedy recovery.

We are all in this together and looking out for one another.

I will always do my very best for the people of Central Suffolk and North Ipswich and my role as your Member of Parliament is as vital now as ever it was. If there is anything with which I can help, please get in touch with me via email at daniel.poulter.mp@parliament.uk

In the meantime, I wish you and your families well.

With best wishes.

Yours sincerely,

Dr Daniel Poulter MP
Member of Parliament for Central Suffolk and North Ipswich
